Be one of the first to experience the changes at the iconic Seckford Hall Hotel. Join us in celebrating the opening of their fantastic new facilities, with a tour of the hotel and the opportunity to network with other businesses from across the county.

View the new East Wing, once a private residence, which has been transformed into a new extension of the hotel. It is now home to a new event space accommodating up to 40 guests, an executive boardroom and new lounge area overlooking the once private gardens.

All the public areas on the ground floor are being refurbished including the restaurant and the Great Hall, which will be transformed into the home of a new destination champagne and cocktail bar.

An extensive bedroom refurbishment is taking place, with new rooms being transformed into an exciting mix of contemporary design but with all the functional amenities you would expect from this luxury hotel.

Further investment will continue over the next 18 months, which will see the leisure facilities being upgraded into a destination Spa, new gym and sauna facilities and a leisure restaurant concept.
